Meeting Program:

ACEC Advocacy, Introduction to CAMEE and Membership Benefits

ACEC is a national organization composed of engineering firms that promote the engineering business at the state and federal levels. Much of the organization's focus has been in the infrastructure areas of roads, bridges, sewage treatment plants, etc. However, most of their agenda – i.e. business practices, education, the support of qualifications-based selection, etc. – transcends to the MEP engineering business as well. ACEC has assisted with the formation of the Council of American Mechanical and Electrical Engineering (CAMEE) which is focused on the business needs of MEP engineering firms.

Our speaker will be Jim Escamilla of Byce and Associates in Kalamazoo, MI. Mr. Escamilla's firm is a member of ACEC and Jim is also the Chair of National CAMEE. He has been working in the engineering industry for over ___ years. He _____

Mr. Escamilla's presentation will cover _____

This presentation will be directed to MEP engineering firm owners and principals who are interested in improving the business climate for our profession.

ASHRAE Technology Awards

The Central Indiana Chapter of ASHRAE is now accepting nominations for the ASHRAE Technology Awards Program. This program recognizes outstanding achievements by members who have successfully applied innovative building design in the areas of occupant comfort, indoor air quality and energy conservation. Designs must incorporate ASHRAE standards for effective energy management and IAQ. Additionally, the project must have been in successful operation for at least one year at the time of submission.

Awards are given out in seven categories including: Commercial Buildings (New and Existing); Institutional Buildings (New and Existing); Health Care Facilities (New and Existing); Industrial Facilities or Processes (New and Existing); Public Assembly (New and Existing); Residential (New and Existing); Alternative or Renewable Energy Use.

Please email all submissions to:

Seun Odukamaiya (ASHRAE Central Indiana Chapter Technology Transfer Chair) at: sodukamaiya@lacquis.com. For large files, please use: <http://lacquis.leapfile.net> Submissions must include the name of the nominee, the name of the project, and the submission category (one of the seven listed above).

The submission deadline is February 2011.
